Oral Health Action Team

2018-2021 Goals, Objectives, and Data Indicators

2018-2021 Goals & Objectives

Goal 1: To improve oral health outcomes for the prenatal and early childhood populations in Eau Claire County through education and outreach.

Obj. 1: By 2021, Implement at least three strategies to increase community awareness and knowledge of the importance of early dental visits for children.

Obj. 2: By 2021, implement at least two strategies to increase awareness, knowledge and perception about the importance of accessing dental services throughout pregnancy.

Obj. 3: By 2021, coordinate with local organizations to develop at least two policies and/or practices to provide children and women better access to oral health services.

Goal 2: To increase community awareness and knowledge of the connection of oral health behaviors on overall health through increased education and outreach.

Obj. 1: By 2021, implement at least two community awareness campaigns to increase the awareness of oral health's impact on overall health throughout the lifespan.

Obj. 2: By 2021, collaborate with community partners to implement at least one system and/or environmental change to encourage positive oral health behaviors.
