

Healthy Relationship Promotion Action Team –Minutes

July 13th, 2020 • 2:30-4:00pm • Meeting held virtually through Webex

Present: Annette Truitt, Abby Hinz, David Lally, Emily Carlson, Michael Jaeb, Gina Schemenauer

1. Welcome & updates

- a. Emily shared that she is the new Youth Advocacy Advisory at the Health Department.

2. Sexual Violence Prevention Grant

- i. Community Engagement Assessment Survey:
<https://www.surveymonkey.com/r/863S5ZP>
- ii. We previously completed the community engagement assessment. We created a new survey including all the focus areas that scored a 2. Please take some time to look at the survey and complete it, choosing the focus area you think we should work on over the next year. This will be going out with the minutes. We will build this into our strategic plan.
- iii. *Deadline for people to fill out survey: Complete within one week of sending out with the minutes.*
- b. Requirements and timelines
 - i. We've gotten an extended deadline for the policy analysis and logic model (due July 30th). Group is working on the logic model today in the meeting. State grant coordinator has been very flexible with extending deadlines as needed. If we need an extended deadline for the logic model we will be able to ask for that.
- c. Policy Analysis
 - i. Abby is finishing up reviewing the Fall Creek Sexual Harassment policy. Was looking at the YRBS data and looking to see how we can highlight different populations that are most affected by policy based on data. The second policy that we will be reviewing is the Eau Claire Housing Authority policy. Discussed that we could share with the team but also give a chance for them to provide feedback (would be a short turn around because it's due on July 30th). Send them out by July 21st to the team and ask for feedback in one week to be returned by the 28th so there is time to make any updates.
- d. Collective Impact Conference
 - i. State grant coordinator had sent out conference on collective impact that will happen September 15-17 (virtual). Will send out information with the minutes. They have funds to cover the registration fee (4-5 people) for each team.
 - ii. <https://www.collectiveimpactforum.org/events/champions-change-2020>.
- e. Logic Model
 - i. Purpose of completing this logic model is to guide the strategic plan. Completed a first round of the logic model during the meeting. It was a small group in the meeting so it will be sent out to the larger HRPAT

All minutes and agendas are located at www.ehealthycommunities.org

email to get input from others before summarizing answers and reviewing at next meeting.

3. Social Media

- a. Emily shared about an article that she saw on NPR that made a comparison between negotiations in relationships during COVID (i.e. wearing masks and other health risks) to negotiations in sexual relationships.
- b. How do we want to be talking about relationships in the current climate?
- c. Assign a person a post at a meeting and then ask them to bring to the next meeting.
- d. Will attach template with meeting minutes and assign people at next meeting to write. Goal is to have 2 posts a month from our action team.
