2. Sexual Violence Prevention Grant

- a. Final Approval of Policy Analysis and Logic Model
 - i. Emily reviewed policy analysis that was done on Fall Creek Sexual Harassment policy and the logic model for our grant work. The table is one of the products that we will submit for the grant and will help lead us to the next part of our grant. **Please let us know if you have any edits to these documents.** They will be included with the minutes.
- b. Next Steps
 - i. Reviewed strategic plan for the grant. Grant deliverables are already included in this. Will send this out with the minutes.
 1. Talked about working with men's or boys' group. This is required by the grant, however there is much flexibility in how we do this.
 - a. Talked again about the "coaching boys into men" curriculum with teams. Encouraged the group to think outside the box with different teams (i.e. choral groups, church groups). Might also be a good time as sports teams have more time to do this as COVID-19 has changed how the season has looked. Could also look at doing a peer mentor program and then use them as the teacher once they've gone through the program. Could use the same process as safe dates facilitators use right now for quality assurance. Morigan has connections with singing statements on campus, acapella group, community theater groups, dance studios, and Big Brothers/Big Sisters. Emily has connection with JONAH (faith-based). **First step is to**

have everyone look at the curriculum by the next meeting. <https://www.futureswithoutviolence.org/engaging-men/coaching-boys-into-men/>

3. Social Media

a. Posting process

- i. We have a Healthy Communities facebook page that we have been developing facebook posts for. We really are aiming to have two posts per month for our action team. If anyone is able to find content for a post and send to Emily, Morigan, or Gina, they can help create the posts.

b. Brainstorm posts for August and September

- i. Morigan would like to find a post related to going back to school during COVID-19/how to reconnect with friends during COVID-19.
- ii. Amanda can assist with September posts.

4. Meeting time

- a. Did send out a doodle poll to see if the meeting time needed to be changed to accommodate schedules. Input received was that this time worked for most. We will continue to keep this meeting time.

Next VIRTUAL meeting: Monday, September 14th 2:30-4:00pm
